“Coming together is a beginning, staying together is progress, and working together is success.”

-Henry Ford

Executive Order

Governor Walker's First Executive Order Created UWIN

- **Promote** Wireless Interoperability
- **Leverage** Existing State Resources
- **Evaluate** Current Technologies
- **Develop** Short & Long Term Proposals
- Provide First Phase of Interoperability by July 2004

Vision

UWIN is a wireless intergovernmental network that will leverage existing State resources. The network will provide seamless, coordinated, and integrated communication for local, state, and federal agencies. This will allow public safety agencies the flexibility to communicate on a wide variety of vendor products statewide.

Mission

Plan for and foster coordination and integration among wireless networks on a statewide basis to meet the requirements of local, state, and federal public safety and other state agency needs.
